Ebusus Cultural Society, located in Vara de Rey, is hosting an intriguing talk in conjunction with the painting exhibition "Women of the Bronx," featuring works by renowned Ibizan artist Aida Miró, who has gained international recognition.

The talk will include a special guest, Blanka Amezkua, one of the women captured in photographs by Miró during her time in the Bronx.

The event will take place on Monday, July 17, 2023, at 8 PM. The exhibition showcases a series of 12 portraits of women from the Bronx, accompanied by video interviews with each of them. It serves as a tribute to the diversity and strength of women from the Bronx.

This project has received support from the Bronx Council of the Arts, the Bronx Arts Factory, and the Institut d'Estudis Balearics. After being exhibited in New York in March, it is now being showcased for the first time in Ibiza.

Both the exhibition and the talk are open to everyone and free of charge. Don't miss the opportunity to explore this thought-provoking exhibition and engage in an enriching discussion about art and the experiences of women from the Bronx.
